

Chapter 21

STORM SEWER SYSTEM

Sections:

- 21-1 PURPOSE
- 21-2 DEFINITIONS
- 21-3 PROHIBITED CONDUCT
- 21-4 EXCEPTIONS TO PROHIBITION
- 21-5 ENFORCEMENT
- 21-6 PENALTIES

**21-1. Purpose.** The purpose of this ordinance is to prohibit the spilling, dumping, or disposal of materials other than stormwater to the municipal separate storm sewer system operated by the Borough of Hightstown, and to prohibit illicit connections to same, so as to protect public health, safety and welfare, and to prescribe penalties for the failure to comply.

**21-2. Definitions.** For the purpose of this ordinance, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

- a. Municipal separate storm sewer system – a conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, manmade channels, or storm drains) that is owned or operated by the Borough of Hightstown or other public body, and is designed and used for collecting and conveying stormwater.
- b. Person – any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.
- c. Domestic sewage - waste and wastewater from humans or household operations.
- d. Illicit connection – any physical or non-physical connection that discharges domestic sewage, non-contact cooling water, process wastewater, or other industrial waste (other than stormwater) to the municipal separate storm sewer system operated by the Borough of Hightstown, unless that discharge is authorized under a NJPDES permit other than the Tier A Municipal Stormwater General Permit (NJPDES Permit Number NJ0141852). Non-physical connections may include, but are not limited to, leaks, flows, or overflows into the municipal separate storm sewer system.
- e. Industrial waste - non-domestic waste, including, but not limited to, those pollutants regulated under Section 307(a), (b), or (c) of the Federal Clean Water Act (33 U.S.C. §1317(a), (b), or (c)).

*Revised General Ordinances of the Borough of Hightstown*

- f. NJPDES permit – a permit issued by the New Jersey Department of Environmental Protection to implement the New Jersey Pollutant Discharge Elimination System (NJPDES) rules at N.J.A.C. 7:14A
- g. Non-contact cooling water - water used to reduce temperature for the purpose of cooling. Such waters do not come into direct contact with any raw material, intermediate product (other than heat) or finished product. Non-contact cooling water may however contain algaecides, or biocides to control fouling of equipment such as heat exchangers, and/or corrosion inhibitors.
- h. Process wastewater - any water which, during manufacturing or processing, comes into direct contact with or results from the production or use of any raw material, intermediate product, finished product, byproduct, or waste product. Process wastewater includes, but is not limited to, leachate and cooling water other than non-contact cooling water.
- i. Stormwater – water resulting from precipitation (including rain and snow) that runs off the land's surface, is transmitted to the subsurface, is captured by separate storm sewers or other sewerage or drainage facilities, or is conveyed by snow removal equipment.

**21-3. Prohibited Conduct.**

- a. No person shall discharge or cause to be discharged through an illicit connection to the municipal separate storm sewer system operated by the Borough of Hightstown any domestic sewage, non-contact cooling water, process wastewater, or other industrial waste (other than stormwater).
- b. The spilling, dumping, or disposal of materials other than stormwater to the municipal separate storm sewer system operated by the Borough of Hightstown is prohibited, except as set forth in subsection 21-4 below. The spilling, dumping, or disposal of materials other than stormwater in such a manner as to cause the discharge of pollutants to the municipal separate storm sewer system is also prohibited.

**21-4. Exceptions to Prohibition.**

- a. Water line flushing and discharges from potable water sources
- b. Uncontaminated ground water (e.g., infiltration, crawl space or basement sump pumps, foundation or footing drains, rising ground waters)
- c. Air conditioning condensate (excluding contact and non-contact cooling water)
- d. Irrigation water (including landscape and lawn watering runoff)
- e. Flows from springs, riparian habitats and wetlands, water reservoir discharges and diverted stream flows
- f. Residential car washing water, and residential swimming pool discharges
- g. Sidewalk, driveway and street wash water
- h. Flows from fire fighting activities

*Revised General Ordinances of the Borough of Hightstown*

- i. Flows from rinsing of the following equipment with clean water:
  - Beach maintenance equipment immediately following their use for their intended purposes; and
  - Equipment used in the application of salt and de-icing materials immediately following salt and de-icing material applications. Prior to rinsing with clean water, all residual salt and de-icing materials must be removed from equipment and vehicles to the maximum extent practicable using dry cleaning methods (e.g., shoveling and sweeping). Recovered materials are to be returned to storage for reuse or properly discarded.

Rinsing of equipment, as noted in the above situation is limited to exterior, undercarriage, and exposed parts and does not apply to engines or other enclosed machinery.

**21-5. Enforcement.** The provisions of this Chapter shall be enforced by the Hightstown Borough Police Department and the Superintendent of Public Works or his designee(s).

**21-6. Penalties.** Any person(s) who continues to be in violation of the provisions of this ordinance, after being duly notified, shall be subject to penalties as stated in Chapter I, Section 1-5.
